\$50

TOTAL ACIDITY

6.0

pH

3.61

This Bordeaux red blend is a journey the Ackerman team has traveled alongside our Winemaker to create a beautiful blend that will complement our restaurant and retail wine partners portfolios.

Like a well written story, this medium bodied wine is a balance of dark and red fruits, velvety tannins and a smooth finish – a journey of discovery for your palate. It's meant to be enjoyed with family and friends sharing life's great stories. Have you written your Memoir?

VINTAGE & VINIFICATION

The 2023 Napa Valley growing season is described as cool, long, and very even, with strong quality potential. Quite different from the heat driven vintages of recent years and compared to 2022.

The 2023 Memoir was harvested the first and second week of October. Underwent a four-day cold soak, three pump-overs a day, with twenty-plus days on the skin. Was aged for 16 months in French barrels.

The 2023 Memoir is aged in French oak Barrels and consists of predominant Cabernet Sauvignon, 16% Merlot and 14% Cabernet Franc.

TASTING NOTES

The 2023 Memoir has a deep garnet color with violet hues at the edges. Aromatically layered with blackcurrant, blackberry, and ripe plum, hints of sage and bay leaf, full-bodied with beautiful structure round tannins and fresh acidity. Flavors of Bing cherries, cedar and freshly roasted coffee beans. The Merlot softens the mid-palate, and the Cabernet Franc contributes a beautiful floral note and black tapenade. This blend has a long and persistent finish with hints of minerality.
